Designs

Small Planks

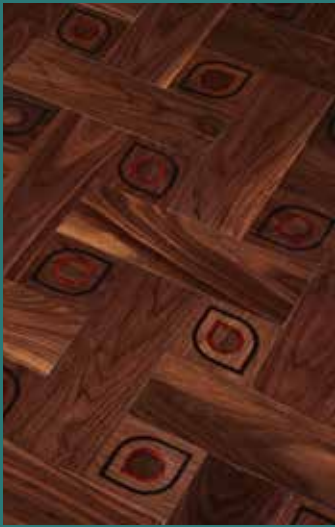

Perfect for cozy spaces, small wood planks create timeless, intricate designs. Ideal for traditional or modern interiors, they're easy to install and add warmth to any room

Medium Planks

Versatile and stylish, medium planks blend durability with aesthetic appeal. Random lengths add a unique, natural feel, making them perfect for residential or commercial

Large Planks

Make a bold statement with large wood planks. Designed for spacious areas, their wide width and random lengths create a luxurious, visually stunning effect—ideal for modern homes or offices.

Solid Wood

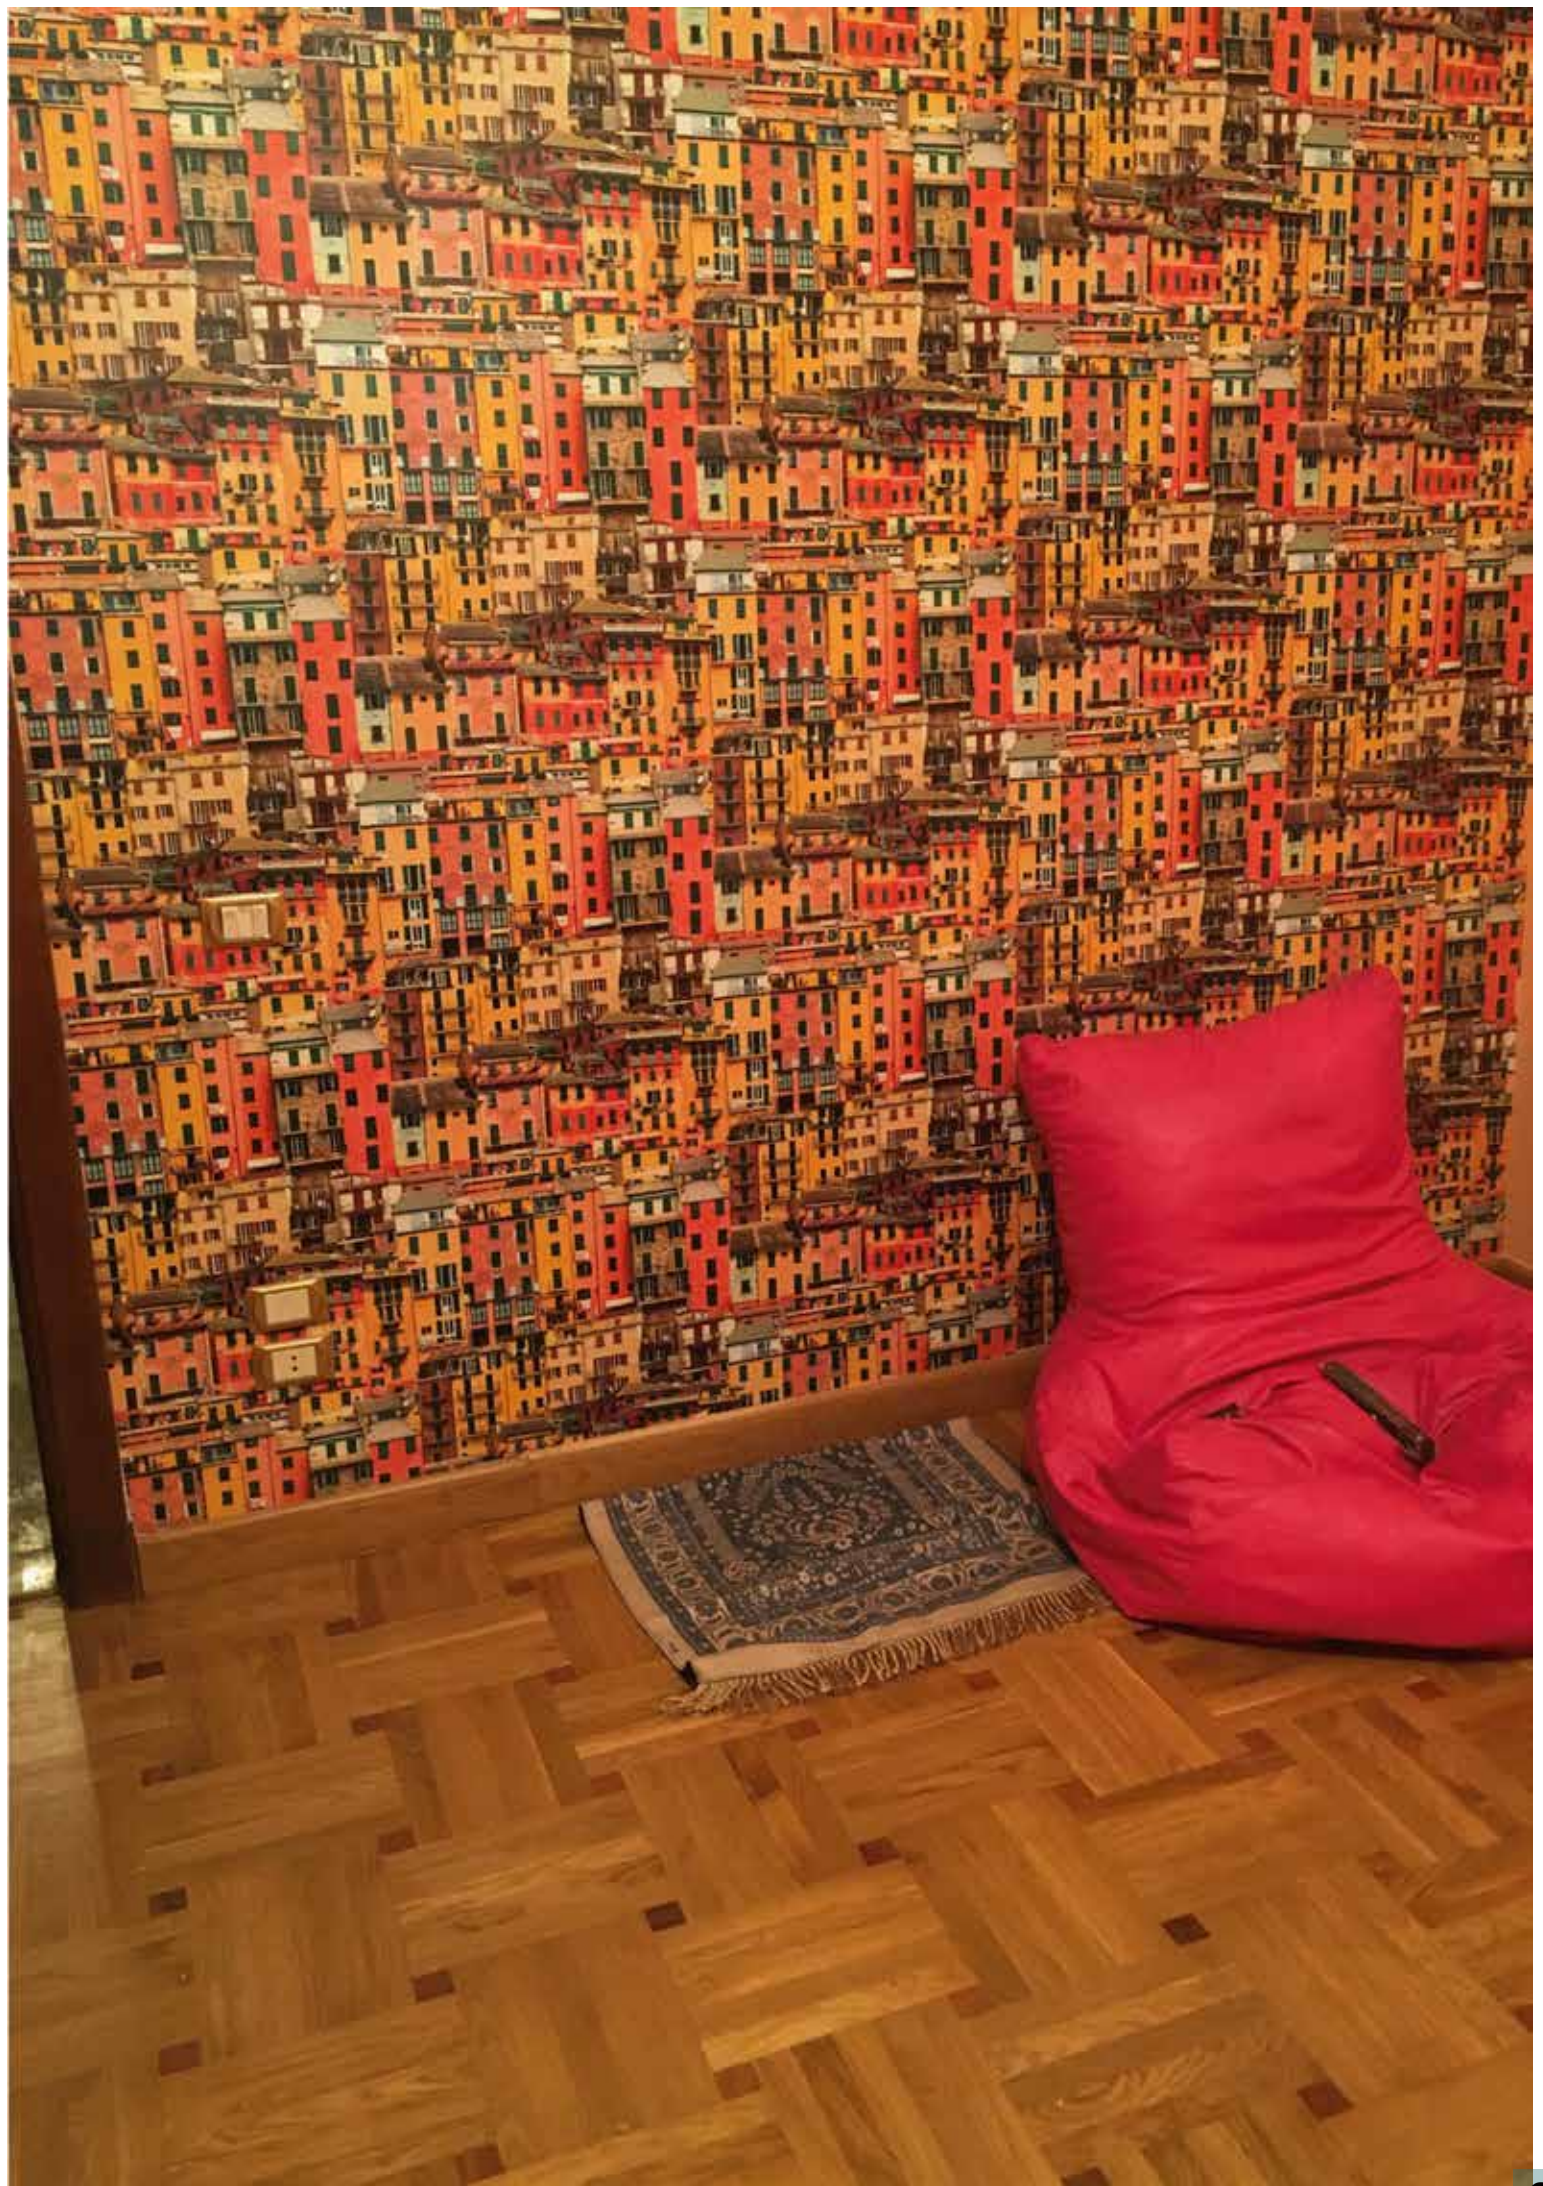

Solid Wood Flooring

Experience timeless beauty and unmatched durability. Crafted from a single piece of hardwood, each plank offers a natural, authentic look—perfect for classic elegance and lasting quality.

Add sophistication with parquet flooring. Small wood blocks create intricate patterns, offering a unique and elegant look for any room.

Type :	Engineered	Design :	Staggered

Skirting & Accessories

P1 P2 P3 P4 P5 P6 P7 P8 P9 P10

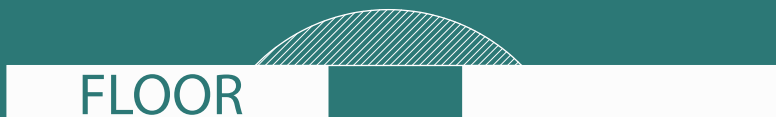

1- RAMP

The T-Mold trim is used to cover floating floor of same or similar height at doorways or over large expanses of flooring. It acts as an expansion trim.

2-T MOLD COVER

The Ramp trim is used to ramp from the top edge of the floating floor down to the subfloor.

3-Quarter round

Quarter round often serves the same purpose that shoe molding does – to cover gaps between the floor and trim of your home.

Manufacturing

Crafted with precision and care, wood flooring uses state-of-the-art technology for flawless cutting, sanding, and finishing. Guaranteed high-quality, durable, and beautiful meeting the highest standards.
